EFSS 17th Annual Int. Conf
REPRODUCTIVE HEALTH:
UPDATE ON THE LAND OF PHARAHOS
Dec. 13th -14th 2012

Thursday 13.12.12			
		Hall A	
1st Plenary Session	09.00-11.45	Chairmen: Prof. Nabil Abdel Hakim, Egypt. Prof. Gamal Serour, Egypt. Prof. Klaus Diedrich, Germany	
		-IVF: 10 years of successes and failures. Prof. Klaus Diedrich, Germany	
		-Myomas and infertility. Prof. Giorgio Vittori, Italy.	
		-Infertility and endometriosis: a global perspective Prof. Dominique de Ziegler, France.	
		-How optimize diagnostic modalities for endometriosis diagnosis. Prof. Charles Chapron, France.	
		-Highlights on reproductive mental health. Prof. Ahmed Okasha, Egypt	
Coffee Break	11:45-12:00		
2nd Plenary Session	12.15-14.05	Chairmen: Prof. Mahmoud Fathalla, Egypt. Prof. Mokhtar Toppozada, Egypt. Prof. Emad Darwish, Egypt. Prof. Hamid Rushwan, UK	
		-Anovular infertility: Its treatment and prevention of complications . Prof. Gamal Serour, Egypt.	
		-Accessible infertility care – from dream to reality: first pregnancies with a simplified IVF procedure. Prof. Willem Ombelet, Belgium	
		-Uterus transplantation: myth or reality? Prof. Mats Brännström, Sweden.	
		-Molecular mechanisms in the pathogenesis of endometriosis. Prof. Felice Petralgia, Italy.	
		- Why did Mrs. X die? (Video) Prof. Hamid Rushwan, UK	
Industry Sponsored Symposium Bayer Health Care	14.05-14.50	Chairmen: Prof. Mokhtar Toppozada, Egypt. Prof. Hossam T. Salem, Egypt.	

		Name of lecture IUCD from genesis to perfection. Prof. Osama Shawki, Egypt. Name of lecture OC's benefits beyond contraception Prof. Ashraf Kortam, Egypt.		
Coffee Break	14:50–15:15:			
Split Sessions	15.15-17.00	Hall A <u>ENDOMETRIOSIS & INFERTILITY</u>	Hall B <u>PCOS AND OVULATION INDUCTION</u>	Hall C <u>GENERAL GYNECOLOGY</u>
		Chairmen: Prof. Amr El Shalakany, Egypt. Prof. Ibrahim Oun, Egypt. Prof. Shawky Badawy, USA	Chairmen: Prof. Hossam T. Salem, Egypt. Prof. Magid Abu Seeda, Egypt. Dr. Mohamed Hefni, UK	Chairmen: Dr. Mohamed El Sherbiny, Egypt. Prof. Mahmoud Midan, Egypt. Prof. Hassan Nasrat, KSA
		-Modern management of ovarian endometriomas. Prof. Charles Chapron, France.	-PCOS: consequences after menopause. Prof. Mats Brännström, Sweden.	-Oocyte quantity and quality: bases for confusing ART outcome and women's fecundity. Prof. Dominique de Ziegler, France.
		-Effect of SERM: Raloxifen on endometrioma; in vitro study. Prof. Shawky Badawy, USA.	-Role of Laparoscopic Ovarian Drilling in PCOS. Dr. Mohamed Hefni, UK	-Three D US And uterine anomalies. Prof. Botros Rizk, USA.
		-Adenomyosis and Leiomyosis, diagnosis by Transvaginal ultrasound, and correlation with histopathology. Dr. Magdi Hanafi, USA	-Ultrasonographic and Hormonal Assessment of Ovarian Reserve after Laparoscopic Ovarian Drilling in Polycystic Ovary Syndrome. Prof. Fatma El-Sokkary, Egypt.	-Successful aging for women. Prof. Hassan Nasrat, KSA.
		-The nature of the Endometriosis inducing factor. Prof. Osama Azmy, Egypt	-Letrozole: new trends in ICSI. Prof. Salah Abd Rabou, Egypt.	-Study of Bone Mineral Density among Long-term Users of DMPA as an Injectable Contraceptive. Prof. Mohamed Salama Gad, Egypt
		-Endometriosis and infertility. The intimate relation. Prof. Hesham A. Salem, Egypt	-Adding l-carnitine to clomiphene resistant PCO. Prof. Hossam Thabet, Egypt.	-Pelvic Floor Dysfunction (PFD) or a Better title is "Pelvic Organs Dysfunction (POD)" and Reconstructive Surgical Repair. Prof. Abdel Karim El-Hemaly, Egypt.
			-Sequential letrozole and HMG: A Successful Novel super ovulation protocol significantly improve pregnancy rate in PCOS patients undergoing ICSI, Randomized Controlled Trial. Dr. Ahmed Fawzy Galal, Egypt. -The predictive value of serum and follicular fluid anti-mullerian hormone in women with polycystic ovarian syndrome undergoing in-vitro fertilization Dr. Ayman Nady Abdelmeged, Egypt.	-Sexuality Aspects of Marital Life: a qualitative study from Egypt. Dr. Ahmed Ragaa Ragab, Egypt
Lunch	17:00			
Friday 14.12.12				
		Hall A		
3rd Plenary Session	09:15-12:00	Chairpersons: Prof. Mohamed Yahia, Egypt. Prof. Afaf A. Ismail, Egypt. Prof. Felice Petraglia, Italy		
		-Endometriosis and pain. Prof. Vincent Anaf, Belgium		

		-New medical treatments for endometriosis. Prof. Felice Petraglia, Italy.		
		-Obesity and its impact on reproductive health. Prof. Hassan Nasrat, Saudi Arabia.		
		-Pitfalls in the management of azoospermia. Dr. Khaldoun Sherif, Jordan.		
		-Can we improve the implantation by vitrification . Prof. Safaa Al-Hassani, Germany.		
		-Pronuclear transfer in ICSI patients: our experience at the ob/gyn dpt university of rome "sapienza", Italy. Prof. Cesare Aragona, Italy.		
Coffee Break & Friday Prayers	11:55-12:30:			
Split Sessions	12.30-14.00	Hall A <u>EGYPTIAN REPRESENTATIVE COMMITTEE (ERC)</u>	Hall B <u>OVARIAN HYPERSTIMULATION AND IMPLANTATION</u>	Hall C <u>IVF/ICSI</u>
		Chairmen: Prof. Amr El Noury, Egypt. Prof. Ibrahim Mahrous, Egypt. Prof. Ahmed Abou El Nasr, Egypt.	Chairpersons: Prof. Hassan Salah Kamel, Egypt. Dr. Ragaa Mansour, Egypt. Dr. Khaldoun Sharif, Egypt.	Chairmen: Prof. Ibrahim Fahmy, Egypt. Prof. Karim Abdel Maaboud, Egypt. Prof. Cesare Aragona, Italy
		-Out-patient hysteroscopic resection of uterine septum. Dr. Ahmed Mostafa Fouad, Egypt.	-Improving embryo implantation. Dr. Ragaa Mansour, Egypt.	-Principles of establishing a new IVF Lab. Prof. Safaa Al-Hassani, Germany.
		-Uterine Artery Haemostasis: Permanent, transient and temporary. Prof. Amr El Noury, Egypt	-Preimplantation genetic diagnosis and new strategies for genetic screening of embryos. Prof. Mamdouh Eskandar, KSA	-The value of blastocyst transfer in ICSI. Prof. Ahmed Abdel Aziz, Egypt.
		-Adolescent pregnancy adverse effects, Is it evidence supported? Dr. Wafaa B. Basta, Egypt.	-The use of hydroxyethyl starch for prevention of ovarian hyperstimulation syndrome on 2 nd and 5 th day of retrieval: novel protocol. Dr. Mohamed El-Sherbiny, Egypt.	-Morphological and mathematical analysis of ICSI embryos and developmental fate: preliminary observations. Prof. Cesare Aragona, Italy
		-Clomiphene citrate alternatives for initial management of Polycystic Ovary Syndrome; an Evidence Based Approach. Prof. Hatem Abu Hashim, Egypt	-Usefulness of day-3 Inhibin-B levels for predicting the response to control ovarian stimulation (COS) in PCOS. Dr. Hanady Abul Ela, France.	-Factors Affecting the Outcome of Human Blastocyst Vitrification. Dr. Walaa El-Deeb, Egypt.
		- Fertility preservation in gynecological cancer. Dr. Mohamed Hatem, UK.	-Management of Recurrent Implantation Failure. Dr. Khaldoun Sherif, Jordan	-The optimal final oocyte maturation trigger in GnRH antagonist co-treated IVF/ICSI treatment cycles. Dr. Mohamed Abdel Fattah Yousef, Egypt.
			-Maximizing fertility in apparently normal couples. Dr. Mahmoud Shawer, Egypt.	-Intracytoplasmic sperm injection in four cases of Mediterranean fever. Dr. Tamer Said, Egypt.
14:00-14:30	Coffee Break			
Split Sessions	14.30-15.45	Hall A <u>PREGNANCY AND OBSTETRIC OUTCOMES</u>	B <u>ENDOSCOPY</u>	Hall C <u>ONCOLOGY AND FERTILITY</u>
		Chairmen: Prof. Mohamed Zayed, Egypt. Prof. Mohsen Noseir, Egypt. Prof. Willem Ombelet, Egypt.	Chairmen: Prof. Hesham Abdel Fattah, Egypt. Dr. Omar El Megharbel, Egypt. Dr. Yousri Afifi, UK	Chairmen: Prof. Naser El Lakkany, Egypt. Prof. Medhat E. Helmy, Egypt. Dr. Magdi Hanafy, USA

		-Perinsatatl outcome after assisted reproduction: data from Belgium. Prof. William Ombelet, Belgium.	-Fertility saving laparoscopic surgery for tubal pregnancy, options and success. Dr. Yousri Afifi, UK	-Infertility and the risk of gynecological cancers. Prof. Amr El-Shalakany, Egypt.
		-Tips and Tricks fro the Farah Hospital: Emergency cervical cerclage with bluging membranes: a new method is born". Dr. Zaid Kilani, Jordan.	-Large bowel endometriosis; resection or not? why and how? Prof. Vincent Anaf, Belgium	-Update on fertility preservation in female cancer patients. Prof. Ahmed Badawy, Egypt.
		-Caesarean section rates and indications in Mansoura: A cause for concern. Prof. El-Said Abdel Hady, Egypt.	-Laparoscopic myomectomy for large and multiple fibroids, technical tips and outcome. Dr. Yousri Afifi, UK	-Cytogenetics for fertility preservation. Prof. Hesham Inany, Egypt.
		-A novel tourniquet to reduce blood loss during surgical treatment of postpartum hemorrhage in cesarean section. Dr. Abdelaziz A. Tammam, Egypt.	-Hysteroscopic practices; did it make any difference? Prof. Mounir Fawzi El-Hao, Egypt	-A case of well differentiated carcinoma of Struma Ovarii. Dr. Magdy Hanafy, USA
		-Intravenousinfusion of paracetamol versus intravenous pethidine as an intrapartum analgesic in the first stage of labor. Dr. Ahmed Elsayed Elbohoty, Egypt.	-The Use Of "Barbed" Sutures To Close The Vaginal Vault After Laparoscopic Total Hysterectomy". Dr. Mohamed Faris, Egypt -The Role of Hysteroscopic surgery in subfertility. Dr. Medhat Hassanein, UK.	-ISFP recommendations for fertility preservation in lymphoma, leukemia and breast Cancer. Prof. Emad Darwish, Egypt. -Endometrial histopathology in symptomatic perimenopausal women with chronic liver disease and hepatic dysfunction. Prof. Atef Ghali, Egypt. -Stem cell theory: New concept for the pathogenesis of endometriosis. Dr. Mian Salama Gad, Egypt
	15.45-17:00	Hall A BEST RESEARCH PRIZE PRESENTATIONS		
		Chairmen: Prof. Mokhtar Toppozada, Egypt. Prof. Emad Darwish, Egypt. Prof. Amr El Shalakany, Egypt.		
		-Vaginal acidity enhancement with a 3% acetic acid gel prior to misoprostol treatment for pregnancy termination in the midtrimester. Dr. Ahmed Elsayed Hassan Elbohoty, Egypt.		
		-miRNA-130a is a potential Endometriosis inducing factor Dr. Mourad Selim, Egypt.		
		-Can antioxidants supplementation improve ICSI/IVF outcomes in infertile women undergoing IVF/ICSI treatment cycles? Randomised controlled study. Dr. Mohamed Abdel Fattah Mahmoud Youssef, Egypt.		
		-Letrozole step-up protocol: A successful novel super-ovulation protocol in intrauterine insemination. Dr. Ahmed Fawzy Galal, Egypt.		
		-Value of Color Doppler Ultrasound Studies on Ovarian and Uterine Vascularity in predicting Intracytoplasmic Sperm Injection (ICSI) Outcome. Dr. Mohammed Atef Behery, Egypt.		
		-Unilateral Versus Bilateral Ovarian Drilling in Clomiphene Citrate Resistant PCOS Patients. Dr. Eman Ahmed Zayed, Egypt		
Closing Remarks		MERCK SERONO PRIZE ANNOUNCEMENT and CLOSING REMARKS		
Lunch	17.00
